COMPLIANT

BKF-JET-G

See Page 27 for details.

BKF-JET-G - Jet Faucet

- Available with a 9V Battery or a 9V Transformer
- Adjustable Sensor Settings by Remote Control (Sold Separately)

Part Number	Power Supply	LIST PRICE
BKF-JET-9B-G	Battery	$540
BKF-JET-9T-G	Transformer	$540
BKF-JET-9H-G	Hardwire	$562

BKF-KAI-G

See Page 27 for details.

BKF-KAI-G - Kai Faucet

- Available with a 9V Battery or a 9V Transformer
- Adjustable Sensor Settings by Remote Control (Sold Separately)

Part Number	Power Supply	LIST PRICE
BKF-KAI-9B-G	Battery	$551
BKF-KAI-9T-G	Transformer	$551
BKF-KAI-9H-G	Hardwire	$572

BKF-CAS-G

BKF-CAS-G - Cascade Faucet

- Integrated Plate to Cover Existing Holes
- Dual Power Input Box Unit that Allows Operating the Integrated Battery Backup, for Normal Use During Power Supply Failures, when a 9V Battery is Added (Lithium Battery Recommended)
- No remote functionality

Part Number	Power Supply	LIST PRICE
BKF-CAS-9B-G	Battery	$562
BKF-CAS-9T-G	Transformer	$562
BKF-CAS-9H-G	Hardwire	$592

Splash/Deck Mount Electronic Faucet

SHOWN AS: BKF-SEF-3G

- 3 1/2" Gooseneck Spout
- Adjustable Temp. Setting
- Optional Low-Flow Aerator
- Battery or Plug-In Power Supply Options

Part Number	Spout Mounting	LIST PRICE
BKF-SEF-3G	Splash	$534
BKF-DEF-3G	Deck	$534

SHOWN AS: BKF-DEF-3G

WHY LOW FLOW?

LOW FLOW = From .5 to 1.25 Gallon Per Minute @ 60psi

Benefits of Choosing BK Resources Low Flow Options

- Consume less water, sewage and energy than the industry standard 1.42 gpm (5.4 L) nozzle.
- Save $450 per year or more in water, sewer and energy costs versus the industry standard 1.42 gpm (5.4 L) nozzle
- According to the EPA, restaurant and food service businesses make up around 15% of the total commercial water consumption in the United States. 52% of that water consumption is being used in the kitchen and during the dishwashing process.

CALIFORNIA ENERGY COMMISSION (CEC)

Due to the severity of California's drought, the state's experts have been managing water resources to deal with the effects of the drought and prepare for the next one. As part of the solution, the California Energy Commission approved standards for water appliances which will save more than 10 billion gallons of water in the first year.

Reducing water consumption by establishing minimum efficiency standards for these appliances is a key component of California's overall water and energy use reduction strategies.

i•on™ by bk resources

ANTIMICROBIAL HANDSINK

APHS-W1410-STBPG
Includes SaniTimer

ANTIMICROBIAL BENEFITS

Our i•on™ series products are infused with an inorganic agent containing elemental ions that activate when microbes are present. This inhibits the growth of bacteria and fungus.

1. THE POWER OF IONS

The elemental silver ions behind the power of the antibacterial properties have been used since the ancient Egyptians.

2. NO STAINS

The antimicrobial properties prevent our sinks from being stained by bacteria or fungi and from discoloring with age.

3. INFUSED, NOT APPLIED

Many products boasting antimicrobial properties are simply an agent applied to the outer surface. Our sinks are infused into the actual material during production which creates lasting protection for the life of the product.

4. PROVEN SAFE

Our sinks are proven safe for food and drinking water contact. Backed by NSF certification as well as EPA & FDA approval.

BENEFITS OF BLUE

When designing this product, we asked ourselves, how can we create a handwashing area that will be universally recognized as a contamination free zone? The answer was to make it stand out.

The distinct blue color of ion hand sinks clearly defines the area as a handwashing zone. It is easily recognized as a separate area away from food prep or dishwashing zones.

99% Reduction of E-coli & Staph!*

10 YEAR WARRANTY

We are so confident in the design and construction of this sink that it comes with a 10 year warranty. We offer a full replacement against defects in material or workmanship.

APHS-W1410-1BSEF

Create a Handwashing Only Zone with our new blue hand sink

APHS-W1410-WBBE

*This ion series product is intended to help maintain a newer and cleaner looking product. Because ion products do not sterilize, it is necessary to maintain proper sanitation protocols in regards to hand and equipment sanitizing at all times. Your ion product should be cleaned using a mild detergent and hot water, or a mild cleanser intended and approved for use on plastic surfaces. Bleach should not be used. It is always a best practice to maintain the cleanliness of equipment and enforce proper hygiene etiquette for all employees.

***LIMITED WARRANTY - Guaranteed to be free of manufacture defects during normal usage from date of purchase by the original end user.*

What Size Grease Trap Do I Need?

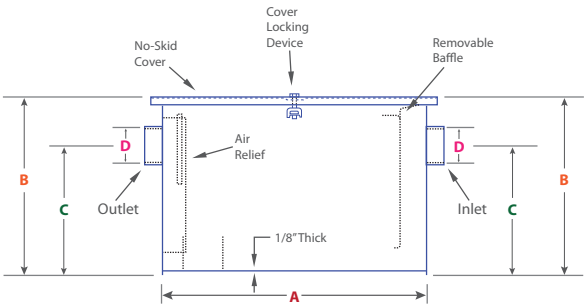

Use this formula or calculation to find the right size grease trap for your kitchen setup.*

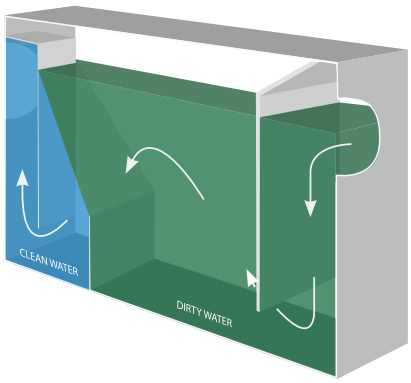

1.	**Length X Width X Depth of your bowls** (All Total. Example: a 3 Compartment Sink - add up each compartment LxWxD for a total)	+
2.	**Multiply that number by the number of bowls** (Example: a 3 Compartment Sink, multiply by 3)	X
3.	**Divide by 231** (This gives you contents in gallons.)	÷
4.	**Multiply by .75** (This gives you grease capacity in lbs.)	X
5.	**Look up capacity (lbs.) to find grease trap model you will need**	TOTAL

* Always refer to Local Codes.
Thanks to The Plumbing & Drainage Institute for this formula.

Prepping the back and serving the front.

NSF APPROVED | DISHWASHER SAFE | HEAT RESISTANT

Cutting Boards NSF

Our NduraLite cutting boards are perfect for back of the house. They are incredibly durable and can take the abuse of a busy restaurant. These maintenance free boards are stain resistant, scratch resistant, sanitary, and heat resistant. They perform like wood boards but are impervious, which helps keep bacteria away. Every two-sided cutting board is designed with rounded edges, rounded corners and with a circular hole for hanging.

Model#	Thickness	Size: (l x w)	LIST PRICE
NL1880906RP	3/16"	9" x 6"	$18

NL1881710RP	3/16"	17" x 10"	$52
NL1881814RP	3/16"	18" x 14"	$81

Presentation Boards NSF

Our presentation boards offer you a professional and attractive way to serve, display and carry food products. They have all the great features of our standard NduraLite cutting boards, but are perfect for front of house. Unlike standard serving utensils, these composite boards can withstand drops and are incredibly durable. They are designed with a hand slot on one end and can be ordered with or without a ramekin well.

without Ramekin Well

CONDIMENT CARTS

CDC-486

Shown with EM-27 (napkin dispenser modification)
See Pg 100 for more info
CDC-486

RCC- Condiment Cart with Remote Dispensers

- **Heavy Duty Construction**
  - T-304 14 ga. Stainless Steel Top with 18 ga. Body.
  - Locking Hinged doors prevent your condiments from being tampered with
  - Corner bumpers
  - 3" Casters with top lock brake to keep your cart in place when serving
- **Remote Dispensing System**
  - Manually operated remote system eliminates the hassles of a CO2 or electric driven dispenser.
  - Dispenses a 1 oz soufflé cup per stroke with the option to reduce the portion size in 1/8 oz increments
  - Flush-mounted stainless steel pump taps into a large condiment or salad dressing pouch below the counter.
  - Utilizes 1.5 & 3 gallon pouches
  - Hose connectors fit bagged/pouched condiment brands and make it a breeze to change out pouches
- **Food Applications**
  - Perfect for schools, stadiums and quick service restaurants where having a large amount of condiments or dressings on tap is important
  - Operations looking to speed transaction time; manually operated system can move condiments outside of point- of-purchase – no electricity or CO2 needed

Please allow 3-10 day lead time for all Condiment Carts

Easy Mod™ System

We offer in-house modification work on select tables and cabinet bases. Our Easy Mod™ system allows for easy ordering and quick turnaround so you can create the exact solution for your needs. We've saved customers thousands of dollars from custom work!

Easy Modifications

- ✓ Money Saving
- ✓ Easy Ordering
- ✓ 3-10 Day Turnaround

How Does it Work?

1. Select a work table or cabinet from which to design your unique Easy-Mod™ product.
2. Choose the modifications your wish to include. Note- BK Resources team members will be available to assist at any time during the Easy-Mod selection and design process.
3. Once your design is finalized, a quotation will be submitted. A drawing will then be submitted for your approval.
4. Reciept of signed approved drawing is required to complete the ordering process.
5. Once an order is in place, your unique Easy-Mod product will be queued for assembly.

Terms & Conditions

F.O.B Factory:
All BK Resources products are shipped F.O.B. Altamont, IL. - Flyer subject to change without notice.

New Accounts:
Credit application needs to be submitted to accounting & must be accompanied with a P.O. of at least $250 net.

Ordering / Confirmations:
We acknowledge all orders in writing and this acknowledgement constitutes our agreement with you regarding what is on your order. Please review your acknowledgement and fax back a signed copy of the acknowledgement to confirm your order is correct. We will NOT be held responsible for errors due to misunderstandings on orders.

Drop Shipping:
BK Resources will drop ship to any location, including residential addresses. Freight charges may be prepaid and added to your invoice if specified on shipments for locations other than the billing address. **NOTE**: Lift gate service, notification of delivery, inside delivery and other special requirements will be subject to additional charges and are not the responsibility of BK Resources.

Minimum Order Policy:
$50 NET minimum on all orders after. All orders under $50 subject to $25 handling fee or the difference between order total and $50. Fee not to exceed $25.

Return Shipments:
BK Resources will not accept any returned merchandise unless authorization has been issued. All returned goods due to customer error are subject to a 15% restocking fee and must be in the original box, new and unused condition. If we find the product is not new, a credit will not be issued and the customer will be asked if they want the product returned to them at their expense. No Returns after 90 Days.

Merchandise initially returned as defective, whose defect cannot be verified, will incur a 15% restocking fee as well as a freight charge for the replacement shipment and the freight charge for picking up the return.

Free Freight Program:
BK Resources Offers Free freight for $2,000.00 + Net Invoiced Orders. We reserve the right to choose the shipper. Items must be in stock at the time of purchase. No free freight on booths. Assembled Ladderback Chairs do not qualify for FREE FREIGHT.

Warranty:
All BK Resources products come with a Standard 1 Year Manufacturer's Warranty against defects unless otherwise noted.

Lifetime Limited Warranty:
Guaranteed to be free of manufacture defects during normal usage from date of purchase by the original end user. This limited warranty does not extend to any labor costs for unit removal or reinstallation. This limited warranty does not apply to losses resulting from flooding or any incidental or consequential damages, whether it is stated in a contract, tort, or otherwise. There are no other warranties or benefits other than those expressly stated herein. Any and all other warranties, expressed or implied are hereby disclaimed and excluded.

BK Resources accepts no responsibility for defects resulting from or connected with misuse, abuse improper installation or other causes beyond our control.

There can be no verbal modification or extension of this limited warranty under any circumstances. Any written modification or extension must be made by BK Resources and must expressly state in clear terms that it is a modification or extention of this limited warranty.
Any claims must be able to prove the date of purchase and installers contact information.
This limited warranty is non-transferable except with written consent and approval from BK Resources.

Freight Claims:
BEFORE accepting any shipment, examine it carefully and note any damage or shortage on the Freight Bill BEFORE signing for delivery. Report any damage, shortage or concealed damage to BK Resources within 48 hours of delivery. Retain the original package for claim purposes. BK Resources is not liable for any damage or loss that is not noted or reported prior to accepting delivery. BK Resources is also not responsible for the filing of freight claims associated with, nor liable for, any damaged merchandise that was shipped per customer instructions via Third Party or Collect.

Broken Case Charge:
$20 per case charge if ordering less than the published case pack.

U.P.S. Shipments:
Any item not intended to ship U.P.S. and is indicated in the BK Resources catalog as shipping **Truck Line Only**; that the customer chooses to ship UPS, BK Resources will NOT file the freight claim on behalf of the customer.

NOTE: Lift gate service, notification of delivery, inside delivery and other special requirements will be subject to additional charges that will be invoiced to the customer once BK Resources has been notified of the additional charges from the shipping company.

Pricing:
Pricing is based on current tariff rates and are subject to adjustment in the event of a change in tariff rates.

California Prop 65:
Throughout this catalog, You will see the warning logo with text below.

WARNING: Cancer and Reproductive Harm P65Warnings.ca.gov

This refers to Proposition 65. Proposition 65 is a law in California requiring all businesses to provide warnings to the residents of the state about possible exposure to chemicals that cause cancer, birth defects, or other reproductive harm in any product that is purchased in California. This list includes over 900 chemicals that the state considers harmful. All Brass and Stainless Steel products do contain one or more of these chemicals.

BK RESOURCES
